10500 Series™

LAMINATE DESKS

THE WORKHORSE OF THE WORKPLACE

DESIGNED FOR EVERYONE

The 10500 Series is designed to accommodate everything from ultra-compact workspaces to extensive management suites to collaborative workstations. With a comprehensive selection of design and storage options, mixed materials and layout configurations, it is the ideal way to create a professional look on a moderate budget. The strong inner-frame construction is durable and built to last, and with the added confidence of the HON Full Lifetime Warranty, the 10500 Series is the workhorse that will work hard for years to come.

AN EVERYWHERE SOLUTION

Versatile solutions for reception areas and meeting rooms bring the benefits of the 10500 Series to public spaces. With matching reception stations, end tables, conference tables, and more, this collection can help you deliver the same polished, professional look it brings to the private office to the rest of the workplace.

MAKE THE MOST OF ANY SPACE —
The best selling 10500 Series includes
a range of layouts, sizes, shapes, and
space-saving storage solutions.

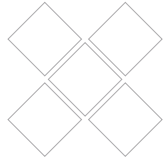

MORE FOR LESS

Workplace trends are constantly changing, and the 10500 Series is built to adapt and respond to shifting needs and priorities. The combination of practical functionality, uncompromising durability, modular adaptability, and styling options make the 10500 Series a lasting value. The versatile design creates a wide range of layout options, from private offices to open, collaborative spaces. With the flexibility to support a light scale aesthetic, maximize footprints and customize personal storage, the 10500 Series offers more of what a business needs, for less than expected.

EXPAND YOUR SPACE

There are many reasons why the 10500 Series is one of the bestselling office collections in the industry. The comprehensive offering supports all the ways in which people work, while making the most of smaller spaces. Work wall configurations maximize footprints and allow people to share a worksurface and exchange ideas. Desks, credenzas and storage accommodate a full spectrum of work styles and layout preferences. The 10500 Series includes a range of sizes and optional features to keep everything within reach — and within budget.

GOOD THINGS IN STORAGE

Even in today's digital workplace, there's still plenty of need for storage and organization. Fortunately, the 10500 Series offers a complete array of files, hutches, cabinets, wardrobes, and more. Smart storage can go a long way toward controlling the footprint of individual or group work areas. Wall mounted and stack-on storage maximize efficiency by keeping things neatly tucked away without sacrificing valuable floor space.

A. PAPER ORGANIZERS

Layered shelves free up valuable space by seamlessly integrating with the worksurface or overhead storage.

B. WALL MOUNT STORAGE

Cabinets with frosted doors and open shelf units create a more versatile space while keeping personal items within reach.

C. BOOKCASES

With one fixed and one adjustable shelf, 10500 Series bookcases neatly organize and display books and reference materials.

D. STACK-ON STORAGE

The 10500 Series offers a variety of stack-on storage configurations including closed or open designs, laminate or frosted doors, even cabinets or compartments to support virtually any need.

E. FILE DRAWER

Flexible drawers support side-to-side or front-to-back filing.

F. PAPER MANAGEMENT

Useful paper management tools help keep paperwork sorted and supplies organized.

G. PRINTER/FAX CART

Low profile mobile cart saves space while allowing easy access to cables.

H. CENTER DRAWER

An optional angled front center drawer features a ball bearing slide suspension and a handy pen/pencil tray.

Shown with Endorse seating.

IN THE MOOD FOR MODULAR

Need to rearrange? Plan to relocate? 10500 Series modular components are easy to pick up and move, whether around the room or across town. 10500 Series desk, credenza and return shells combine with pedestals, files, cabinets, and other storage components in multiple ways, and can be reconfigured in minutes. Create your ideal layout today, then quickly rearrange whenever work demands it.

PERSONALIZE YOUR SPACE

From versatile multi-files to space-saving narrow pedestals to mobile and modular solutions, 10500 Series helps you achieve the ideal storage configuration.

BOX/FILE HANGING PEDESTAL

This $\frac{3}{4}$ pedestal design maximizes space while neatly organizing your belongings in one supply and one file drawer.

MULTI-FILE PEDESTAL

For the ultimate multi-tasker, this versatile pedestal configuration can store everything from files to supplies.

NARROW BOX/BOX/FILE PEDESTAL

Give yourself some added legroom and accommodate smaller 5'x8' and 5'x5' layouts with this slim profile design.

CABINET PEDESTAL

This two-door cabinet provides the perfect hiding place to keep items out of the way, but close to the action.

BOX/BOX/FILE PEDESTAL

A must-have for storing those active files that you need to find quickly. This configuration also includes plenty of storage for office supplies.

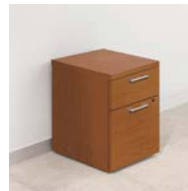

MOBILE SHELF/BOX/FILE PEDESTAL

Everything you need, right where you need it. The pedestal design includes an open shelf, supply drawer and file storage.

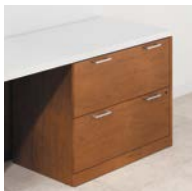

FILE/FILE PEDESTAL

Double your file storage with two drawers and keep everything within arm's reach.

BOX/FILE PEDESTAL

This two drawer file neatly organizes paperwork and office supplies.

LATERAL FILE PEDESTAL

Keep your thinking inside the box — and neatly organized — with a two-drawer lateral file.

GET UP. GET DOWN. GET COMFORTABLE.

As comfortable and ergonomic as task chairs have become, many workers still prefer to stand at their desk while working. HON sit-to-stand workstations support this trend with desktops that can achieve a range of different heights that support any personal preference or office configuration. 10500 Series worksurfaces are designed to rise to any occasion, and will promote the health of the entire organization.

HEIGHT-ADJUSTABLE CONTROL — Sit-to-stand workstations are raised and lowered quickly and easily with an electronic motor.

STANDING-HEIGHT WORKSTATION — Support today's healthy workstyles by offering the choice of sitting or standing while working.

There are many reasons why the 10500 Series is one of the bestselling office collections in the industry. The comprehensive offering supports all the ways in which people work, while making the most of smaller spaces.

EXPRESS YOUR STYLE

Every company has a unique style and culture, and the 10500 Series can reflect any desired aesthetic with an expansive collection of scratch-, stain-, and spill-resistant laminate finishes. Further personalize your space with wood or frosted doors, optional handle selections, and power grommets that bring technology wherever needed. O-legs and post legs create a lighter aesthetic in open areas, while modesty panels increase privacy above and below the worksurface.

LAMINATES
